# The new Amarok Canyon

**Take a break from your daily routine.  
Start living.**

Perfectly equipped –  
the new Amarok Canyon.

Spectacular views, remote coastlines, meandering forest trails – those on the lookout for small adventures and big moments should take a seat in the Amarok Canyon. Thanks to the powerful and efficient 2.0 l TDI engines with an output of either 103 kW\* or 132 kW\*, you can explore almost all heights with this pickup. This is also ensured by the 17" alloy wheels "Roca" with high-profile all-terrain tyres as well as permanent or selectable 4MOTION all-wheel drive.

**01 Light bar.** A light bar painted in the colour of the vehicle with four round headlamps is available upon request. These take over the high beam function of the front headlamps.

**02 Styling bar.** The newly developed high-shine black styling bar further underlines the dynamic appearance of the Amarok Canyon. The door handles, the B pillars and the under-side of the mirror housings are also black.

**03 Tinted tail lights.** They create a distinctive look at the rear and reflect the dynamic character of the vehicle.

**04 8 J x 17 "Roca" alloy wheels.** With high-profile all-terrain 245/70 R 17 tyres.

**05 Design elements.** They are either black with a high-gloss finish like the rear bumper and the side bars, or matt black like the flared wheel arches. The basic colour of the design foil lettering is matt black, or indium grey for the paint finishes Starlight Blue Metallic and Deep Black Pearl Effect.

**06 Design underide guard.** The robust and colour-keyed design underide guard sets a further powerful accent at the front of the vehicle. For the darker paint finishes Starlight Blue Metallic and Deep Black Pearl Effect, the underide guard is silver.

**Paint finishes.**  
**07 Candy White,** solid paint, B4B4  
**08 Copper Orange,** metallic paint, 3J3J  
**09 Starlight Blue,** metallic paint, 3S3S  
**10 Natural Grey,** metallic paint, M4M4  
**11 Sand Beige,** metallic paint, P8P8  
**12 Reflex Silver,** metallic paint, 8E8E  
**13 Deep Black,** pearl effect, 2T2T

\*Please refer to page 07 for information on fuel consumption and CO<sub>2</sub> emissions.

01

02

**01 Cockpit.** The leather-covered steering wheel and gear lever knob both have orange stitching, the decorative air vent surroundings are painted in Copper Orange and the outer cover of the dashboard has a premium finish.

**02 Interior.** The individual appearance of the vehicle is continued in its impressive interior with the leather upholstery combination “Nappa/Vienna”<sup>1)</sup> in Moonrock/Anthracite and the armrests in Moonrock. Orange stitching adds a sporty touch, as do the orange edges on the seat belts.

## Fuel consumption and CO<sub>2</sub> emissions.

Diesel engine	Fuel tank capacity approx. 80 l	2.0 l TDI (103 kW/340 Nm) 4MOTION permanent	2.0 l TDI (103 kW/340 Nm) 4MOTION selectable
Amarok Canyon			
Fuel consumption, l/100 <sup>2)</sup>	with manual gearbox:	6-speed	6-speed
	urban	9.4–9.6	9.4–9.6

Amarok Canyon		
Fuel consumption, l/100 <sup>2)</sup>	with automatic gearbox:	8-speed
	urban	9.9–10.1
	extra-urban	7.4–7.6
	combined	8.3–8.5
CO <sub>2</sub> emissions combined, g/km <sup>2)</sup>	with automatic gearbox:	219–224

1) The seats with “Nappa/Vienna” upholstery are leather seats with leatherette parts. 2) The fuel consumption and emission values listed here have been ascertained in accordance with the measuring method stipulated. These figures do not refer to a particular specific vehicle and do not constitute part of the offer but are purely for comparison purposes between the various types of vehicle. In addition to the fuel efficiency of a vehicle, driving behaviour as well as other non-technical factors (such as environmental conditions) play a role in determining a vehicle’s fuel consumption and CO<sub>2</sub> emissions. In addition to weather and traffic conditions, extra equipment and accessories (attachment parts, tyres, etc.) may change vehicle parameters such as the weight, rolling resistance of the tyres and the aerodynamics, and thus influence the fuel consumption and driving performance values.
